2. Introduction

Design, supply & installation of port equipment, commercial jetties & Oil/Gas export terminals, rubber fenders for ports and platforms, loading and unloading arms of oil products. Supply and installation of PLEM, SPM & CBM, access Gangways, Vessel traffic control system (VTS) and navigation aid system. Design, engineering & consultancy for offshore & onshore projects.

a. Company History

Parto Sabz was first established/ registered at 1994, it was then when more than 10 projects were established. After some years the organizational goals were changed, which initiated a new organization establishment under the name of Parto Tadbir Pars Co.

Parto Tadbir Pars Co is active in Oil & Gas offshore and onshore projects since 2007 and have earned many associated certificates and qualifications since then.

3

3. Strategy

A. Vision statement:

☰ To observe completely the requirements of engineering and technical specifications to improve the quality of the projects. To instruct continuously the employees to improve their technical knowledge and behavior as the main capitals of the Company. We are a team that promotes the development of the Company's human resources. We aim at making a significant contribution to enhance to Company's efficiency and profitability. We do research into modern management tools to cater to the needs of our customers. One of our concerns is to survey and interpret the needs of our customers in order to adapt our services to the different needs of each of the Company's areas.

- ☰ Parto Tadbir Pars Company, maritime & offshore projects Supply Company, will be a quality organization of innovators and entrepreneurs committed to growth, opportunity, and profit as well as community enrichment.
- ☰ To innovatively and economically create a better everyday life for our shareholders, while continually improving our business efficiencies and achieving operational excellence.
- ☰ PARTO TADBIR PARS will be a world-class oil and gas company driven by shared commitment to excellence.
- ☰ Core Values:
 - ☰ Respect for the Individual
 - ☰ Staff development and growth
 - ☰ Integrity, transparency and accountability
 - ☰ Professional Excellence

B. Mission statement:

4

- ☰ Engineering services, procurement & delivery, Management and supervision of onshore & offshore equipment installation.

C. Values

- ☰ To observe all safety, health & occupational requirements to control risks and safety operations in the field of supply, installation and commissioning.
- ☰ To respect and observe practically the environmental requirements in order to remove any type of pollution from the origin.
- ☰ Continuous Improvement through modeling Quality Management
- ☰ Respect for the Individual
- ☰ Trustworthiness

D. Business Goals & Objectives

- ☰ Increase internal market share from share of 0.20 of engineering services of onshore & offshore equipment installation to 0.25 of the whole market share.
- ☰ To expand our international reputation, via participating in international oil & gas fairs, being placed in vendor list of international firms, Commitment to settle Payment to its agencies in time.
- ☰ To recruit proficient and committed manpower.
- ☰ To interact sincerely with customers, employers and beneficiaries.

➤ Human Capital:

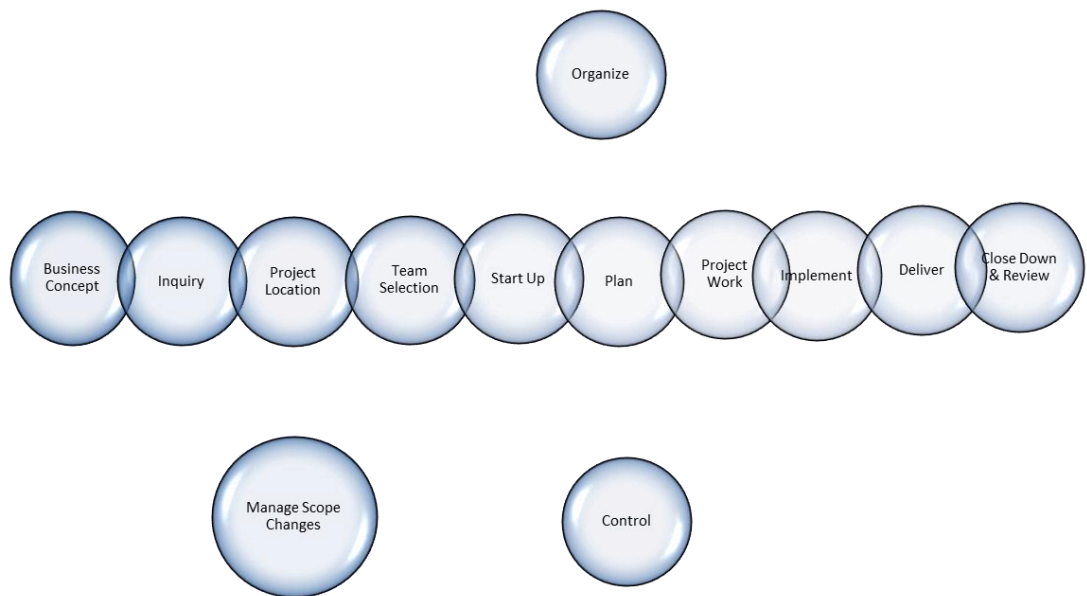

- 5
- Human capital in Parto Tadbir Pars is included of well-educated managers, engineers, administrates and office personnel, whom are identified by following characteristics:
 - Efficiently trained staff
 - Creativity and fresh ideas are put in to work

4. Economic Intent :

Parto Tadbir Pars Company, as a middle sized company runs based on assessments of projects, which is around 10 onshore/ offshore projects under low risk economical atmosphere.

5. Business concept

6

6. Business concept

☰ In Parto Tadbir Pars Company, the Business Concept includes a definition of the target audiences, the product features and the unique business value it will provide to all constituents. The Business Concept also defines strategies (QP-MAN-

02) for successfully implementing our service, consulting and product within and outside of the Oil & Gas marketplace of Iran.

A. Products:

Single Point Mooring system(SPM)
Conventional Buoy Mooring(CBM)
Marine Loading & Unloading arms system
Fire Fighting system
Quick release hook with remote control hook system
Navigation Aids System
Marine Fender System
Mooring Hawser
Gangway system
Crane cable protection system for container jetty
Crane rail of container jetty
Storage tank for Oil & chemical product
Process Package
Vessel traffic control System
Floating Product Storage & Unloading Vessels(FPSO)
Floating Storage Unit (FSU)
Floating & Submarine Hose
Marine Break Away Coupling (MBC)
Camlock and MBC Accessories.

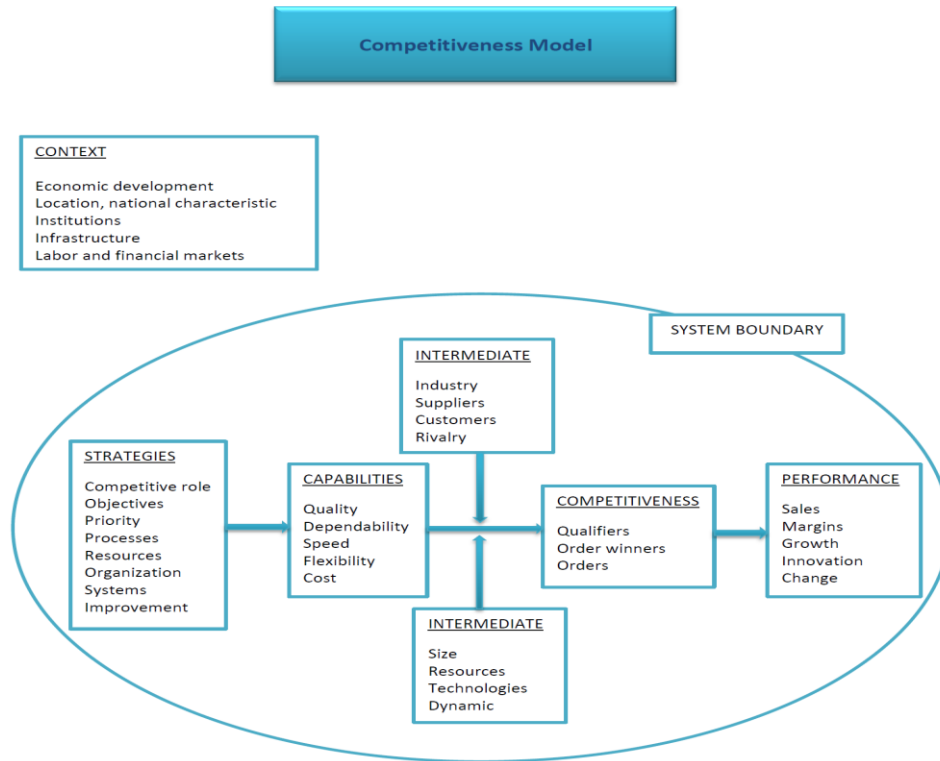

B. Services:

Engineering services
Procurement & delivery
Management and supervision
Onshore & offshore equipment installation
Pipeline Services. (Cleaning, Gauging, Dewatering, Swabing)
Intelligent Pigging.
Survey and Positioning
Dredging and Marine Works. (Trenching and Backfilling)
Offshore Services.(Seabed Intervention and Rock Installation)
Pipeline Installation
Heavy lift Installation and Salvage works

C. Business competitiveness

It should be mentioned that indirect competition is occurring between firms of Onshore & offshore equipment supply industry in Iran, who primarily compete for quality and price, although they might be in different sectors of the same market, but it is the quality of service/ product provider that defines their competitiveness.

D. Integrated policy

Code: QP-MAN-02

Parto Tadbir Pars Company with a long-term executive, scientific and practical experience in the field of consultation, design, supply, installation and commissioning different types of onshore & offshore equipments & devices, as an efficient organization renders various services to Marine, Oil and Gas Industries of the Country. This Company has focused on customers' experience & satisfaction

through taking advantage of the most reputable international suppliers in a coordinated & scientific system. Through taking advantage of experienced specialists & experts, the Company always considers continuous improvement through modeling Quality Management System based on the requirements of ISO 9001:2008 as well as Health, Safety and Environment Management System HSE-MS and attracts the effective partnership of the employees to actualize such objectives as follows:

- To observe completely the requirements of engineering and technical specifications to improve the quality of the projects.
- To recruit proficient and committed manpower.
- To interact sincerely with customers, employers and beneficiaries.
- To instruct continuously the employees to improve their technical knowledge and behavior as the main capitals of the Company.

10

- To observe all safety, health & occupational requirements to control risks and safety operations in the field of supply, installation and commissioning.
- To respect and observe practically the environmental requirements in order to remove any type of pollution from the origin.
- To allocate proper financial & technical resources in fulfilling the obligations related to the projects.

The top management hereby declares that the foregoing cases must be observed and he believes that the high collaboration and commitment of the employees is a prerequisite for progress and continuous improvement of quality of the organization. The management shall review this policy, if necessary.

E. Service pledge

In PARTO TADBIR PARS Co., we hold this believe that our customers are our advantage; therefore we aim to provide high quality services, exceed customer expectation and delight our customers. We treat each customer as an individual, and we listen to them carefully for being able to be sensitive to their needs, and to find solutions to their problems and issues. Our customers are very important to us and we aim to provide high quality services, exceed customer expectations and delight our customers. We will treat you as individuals, listen carefully to you, be sensitive to your needs, and take ownership of problems so that you can be confident that someone is dealing with your issue.

We aim to keep up following services:

- be friendly, polite, helpful, attentive and considerate at all times;
- provide accurate and clear information;
- use plain English and avoid jargon or technical terms;
- be open and honest about what we can and cannot deliver;
- Get back to you when we say we will, and advise you of our progress when we are taking longer than anticipated addressing an issue.
- We always aim to get it right first time, every time, so that you don't have to keep contacting us about the same issue.

- We also aim to ensure we understand the real problem and not only help to fix it but also to ensure that we get to the root cause of the issue to avoid it keep happening again, either to you or to someone else.
- We always promise to make it easy for you to contact us and to respond to 'phone calls, emails, letters and other requests for service as quickly as possible. Our priority is always to deliver a quality service and this can take time. We will do everything we can to keep in contact with you, if it is necessary to do so, and keep you informed of progress.
- If we have no choice but to pass your enquiry on to someone else we will tell you who will be dealing with it, and we will support you to get the help you need.
- If your enquiry cannot be dealt with at the time you contact us we will make sure you know what is happening and when you can expect to receive further contact from us.
- We will always make our services and information as accessible as possible to all our customers.
- In many cases we prefer to speak to you so please help us to help you by providing a telephone contact number.
- If you have an appointment with a member of staff they will always aim to see you on time, and ensure you are made aware if they are running more than 15 minutes late.

- We will ensure all the information on our website is accurate, up to date and makes sense to customers.
- Extend hospitality to fellow employees and customers.
- Take each phone call before the third ring.
